

The President's Message

Craig Van Wanseele

March 2018

As we approach the warmer months ahead, our Club has a lot of fun and interesting events planned. Be sure to check our Events tab by returning to the home page. We have a Club meeting scheduled for the usual third Thursday of the month on March 15th. This will be an opportunity to see an AC Cobra frame off repair. The car was built in 1990 by Classic Roadster LTD out of North Dakota. Now with 32,000 miles you will have the opportunity to see what's under the hood.

On Sunday March 18th it's off to the races at the Barona Drag Strip, the only 1/8th mile race track in San Diego. Come out to race or just spectate. Check the events page for details.

There are many more activities on our Events page that are not Club sponsored events. These have been put together by Club members and we would love for you to join us at one of these events.

Guests are always welcome at all our regular monthly club meetings and events. We can arrange a ride along if you are interested in seeing what it's like to feel the Power and Grace of Shelby Automobile. You can reach any Club Officer on the Home page, under the Contact US Tab.
