

The President's Message

Craig Van Wanseele

September 2018

Last month was challenging for sports car enthusiasts in San Diego. We all expect the heat to go up and the top to come down during August, but highs of 110 degrees!! So, we all decided to do our Annual Moonlight Cruise.

Events this month have an exciting line-up with a visit to the "Best Private Classic Car Collection" in San Diego. We have also been invited back to the "Motor Transportation Museum".

You can see all the details for these two events and other Club Information as you browse our website. Come Join Us.
