

President's Message  
Ron Lawrence  
Aug, 2019  
SoCal SAAC

Greetings Gear Heads,

The Dog Days of Summer are upon us! As SoCal starts to heat up double check you're your cooling system and make sure you have the proper fluids and top off the radiator. Be sure to check all other levels as well, so one system won't drag the others down and leave you stranded alongside the road!

Coming up later this month we are having an incredible Evening Dinner cruise in the mountains and back country of San Diego. Be sure to look up other activities under the "EVENTS" portion of the web site.

Cheers, Ron Lawrence

Cheers,
