

PRESIDENTS MESSAGE

MAY 2020

Hey Members, May has arrived and with it a little news on our 5th Annual Car Show slated for June 27th. We sent the City of Escondido a plan for them to review with the idea we could put on our show with a little help from our members in regards to the current CDC guidelines such as Social Distancing, Facemasks, etc... They responded back they will review it so fingers crossed. I really think the Car community can use a Show.

I know the Arizona Cobra Club is doing runs where they cruise for a bit then stop and get some to go lunch and then find a place to pull over and eat while still using the guidelines so Mark Coulter and I will be working on something like that.

Glenn Rodgers has officially retired from the many duties he has been doing for the club for many years. A giant THANKS to Glenn for all his efforts for many moons. Julie Coulter (Marks wife) was elected to take over for Glenn last month and has already started the process. A big Thanks to Julie for taking this on! Eric
