

Presidents Message

April 2020

Hello Members, I am 2 weeks late on getting this out again so my apologies. With the Covid 19 situation going on we have implemented virtual meetings. We did the first one last Saturday the 11th for the Board Meeting and it worked well. Big Thanks to Eric Zucker for the idea and for putting it all together and another big Thanks for doing it again for the General Members meeting this Saturday. Being that we are all car people and like to drive our cars it adds another item on the what has changed list for us. Hoping to be back out on the roads soon because that would mean things were getting better.

Regards Eric
